

DeRoyal Plant Tour

When: Thursday, December 2, 2010 @ 12:30

Where: DeRoyal (see address below)

In order to service an ever-expanding customer base, DeRoyal has built one of the most vertically integrated companies in the medical business consisting of three units: Surgical and Acute Care, Orthopedics and Patient Care, and Wound Care.

DeRoyal manufactures healthcare products worldwide. Each product in DeRoyal's Surgical & Acute Care, Orthopedics & Patient Care, and Wound Care divisions exists in response to real needs, based on the advice and input of clinicians. We keep innovating because it's part of our heritage. What we develop and manufacture today will shape the future of medicine.
